

COMMUNITY-WIDE DRY VENT CLEANING
MONDAY
OCTOBER 21, 2013
9A.M. – 4P.M.

Dryer Vent Cleaning Announcement

Dear Residents:

Your dryer vents will be cleaned on: **MONDAY, OCTOBER 21ST (22ND IF NECESSARY)**

Dryer Vent Solutions will be cleaning every unit from the outside. Their cleaning tools will clean to the flexible hose behind the dryer. No lint will blow into the apartment. Access inside your unit will not be necessary unless we have been informed that a definite drying problem exists with your dryer. If so, we may arrange to enter your residence and clean from behind your dryer. For more information about our cleaning procedure, visit our web site at: www.dryerventcleaning.com

Extra "Inside Cleaning":

For a nominal charge, a dryer vent cleaning technician will enter your unit and perform the following:

- 1 – Replace, repair or clean the hose behind your dryer as needed.
- 2 – Clean the lint build-up in the compartment behind the lint screen.
- 3 – Test dryer airflow to insure it is blowing at maximum performance.

\$22.95 plus sales tax = **\$25.00** We accept cash, checks and credit cards.
Service must be performed during the scheduled time we are on-site.
Call **425-398-5001** to schedule an appointment.
